A Non-Treaty Postal Agreement
of the US Post Office Department
with the British Post Office
as an early significant step
towards the development
of US airmail to European, African, Asian,
& Australian destinations

Murray A. Abramson, MD, MPH
2 June 2016

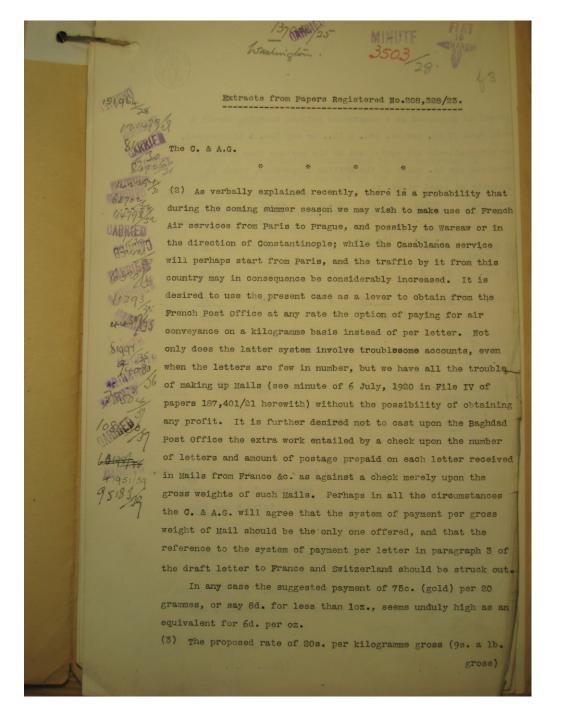

Origins of US - foreign air service

- Not until 1920 UPU Congress (Madrid), did the UPU recognize air transport sector.
- Following ratification of UPU Article 4b, US could enter an agreement with another postal administration for air service.
 - Aerial services established for the conveyance of correspondence between two or more countries are considered extraordinary services....
- Earliest US Post Office Department agreement for air service was made with the British Post Office (1922). It permitted air service for US letters from Cairo to Baghdad.

British Post Office

January 1922

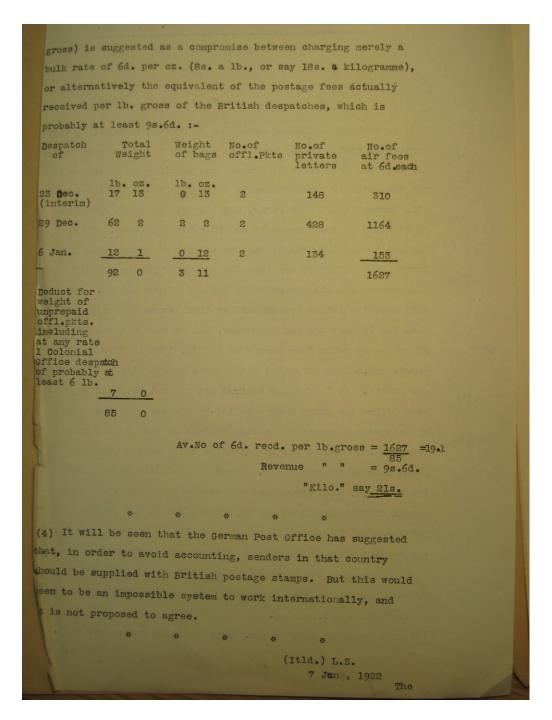

- Make use of French air service for further European and African destinations
- Kilogram basis instead of letter basis
 - Less complex accounting
 - Reduce risk of financial losses due to low mail volume
 - May overwhelm
 Baghdad check for each letter for postage

British Post Office

January 1922

- To simplify accounting, German Post Office proposed German senders to use British postage stamps.
- British Post Office believed that this would create "an impossible system to work internationally".

British Post Office

January 1922

- British Post Office allowed US and Canadian postal administrations access to Cairo-Baghdad air service at 9s 6d.
- Forms sent to US and Canada Post Office.

The Secretary,

- (2) In view of the considerations urged by the Secretary it is agreed that the system of payment on the gross weight of mail be the only one offered.
- (3) As accounting with France and Switzerland is now on a gold franc basis, it is desirable to express the rate chargeable in gold francs. 22 Fr. gold is the present equivalent of 20s. and should be charged per kilogramme gross.
- (4) Agreed.

Note. General Williamson decided to make the charge to the U.S.A. and Canada 9s.6d. instead of 9s. a 1b, and the Forms II forwarded to those Offices were amended accordingly.

GENERAL POST OFFICE, LONDON, E.C.1.
15th May 1925.

Sir.

With reference to the Post Office letter of the 19th of March last, I am directed by the Postmaster General to confirm the cablegram sent to you on the 8th instant stating that Air Mail Despatches from this country would begin on the 9th instant.

. .

I am to enclose two copies of a supplement to the Post Office Air Mail Leaflet which was issued on the 6th instant giving particulars of certain new or resumed Air Mails from this Country to the Continent, as well as of the new Air Mail to the Western United States. It is hoped to set up shortly seasonal Air Mails to the East Baltic Countries and to Russia. These mails would be forwarded by morning air service from London to Berlin, thence, if flight has been regular, by night train to Konigsberg, and thence again by air next day to (a) Memel, Riga, Reval and Helsingfors, or (b) Kovno, Smolensk and Moscow. This would make it possible for a letter to reach Helsingfors or Moscow in $1\frac{1}{2}$ days if sent by ordinary route all the way. The Postmaster General will no doubt be informed if you would like to make use during the coming season of any of the Air Mail facilities provided between this country and the Continent.

I am. Sir.

Your obedient Servant,

(Sgd.) E.L.A. Foakes.

for the Secretary.

The Second Assistant Postmaster General, WASHINGTON.

SECOND ASSISTANT POSTMASTER GENERAL

Washington

June 26, 1925.

The Secretary,

General Post Office,

London, E. C. 1,

England.

My dear Sir:

By direction of the Postmaster General, I have the honor to advert to your reply No. 81174/25, dated the 15th ultimo, to this Department's letter No. 43124-135-139-179-193/97 of the 19th of March last, with which reply you enclose copies of a supplement to the Post Office Air Mail Leaflet issued on the 6th ultimo, giving particulars of certain Air Mails from Great Britain to the Continent of Europe.

With reference to the foregoing, I have to inform you that this Department agrees to make use of the above mentioned Air Mail Service as occasion offers.

The New York Post Office has been designated as an exchange post office to prepare and dispatch the Air Mail articles concerned; and has been instructed to cause letters for transmission by the Air Mail Service in question to be made up by that office in separate packages or sacks for London accompanied by a special list or statement, in line with the practice followed by the New York Office in dispatching articles for forwarding through the Haifa-Bagdad Motor Route.

Very truly yours,

For Second Assistant Postmaster General.

E. R. White, Superintendent.

NY Post Office Daily

29 June 1925

Announcement of air service via England to Continental Europe, Morocco, and western Algeria

Air Mail Service, London to Continental Europe.

Second Assistant Postmaster General, Washington June 26, 1925.

This Department has accepted the offer of the postal administration of Great Britain to accept ordinary and registered letters and articles prepaid at the letter rate for transmission from London to the countries mentioned below according to the following air mail schedule from London:

A. Leave London daily except Sunday at 6.15 a.m. for France, Switzerland, and beyond; offering delivery in Paris the same afternoon, and in most of Switzerland by first delivery the next morning. By connecting at Bale with the night mail train thence to Italy, this air mail also offers accelerated delivery of letters throughout Italy, e.g., at Milan by first delivery on the morning after departure from London.

- B. (1) Leave London daily except Sunday at 6.15 a.m. for Germany (Hamburg and district) Denmark. Norway (east) and Sweden; offering delivery at Hamburg by first delivery the next morning, in Copenhagen the same evening, in Stockholm and Oslo the next forenoon and afternoon, respectively.
- B. (2) Leave London daily except Saturday at 6.00 p.m. (for onward transmission by air from Rotterdam to Copenhagen next morning) to Germany (Hamburg and district), Denmark, Norway (east), and Sweden; offering delivery at Hamburg next afternoon, in Copenhagen next evening, in Stockholm and in Oslo during the forenoon and the afternoon of the third day (inclusive).
- C. Leave London at 6.15 a.m. for *Morocco* and *western Algeriv* (additional to the existing 6 p.m. dispatch); offering delivery at Tangier, Casablanca, and Oran on the third morning, inclusive.

The air mail postage required in addition to the international jetter rate of postage is as follows:

On letters to France, 4 cents for each ounce or fraction thereof; to Germany (unoccupied), Switzerland and Italy, 6 cents for each ounce or fraction thereof; to Denmark, Norway and Sweden, 8 cents for each ounce or fraction thereof; to Morocco and western Algeria, 5 cents an ounce or fraction thereof, the air mail fee and the postage to be fully prepaid by postage stamps affixed to each piece.

Mail matter intended for dispatch by the above mentioned air mail service should be prominently marked in the upper left-hand corner of the envelope or cover with the words "Air Mail—London to Continent," so that the articles in assorting may not be overlooked.

All mail articles for this service will be dispatched to New York for onward transmission from that exchange post office.

PAUL HENDERSON,
Second Assistant Pestmaster General.

Berlin, W. 66.

15 Sept., 1925.

The following communication has reached me from Mr. Frank H. Kreuter, P. O. Box 2507, Philadelphia, Pa., U. S. A.

"After long endeavours I have succeeded in moving the United States Post Office to arrange a direct connection from the Transatlantic sea post to the English-Continental Flying system. The through rate to Germany (Hamburg District) is 6 c. per English unit together with the further postage of 5 c. for the first unit and 3 c. for each subsequent unit."

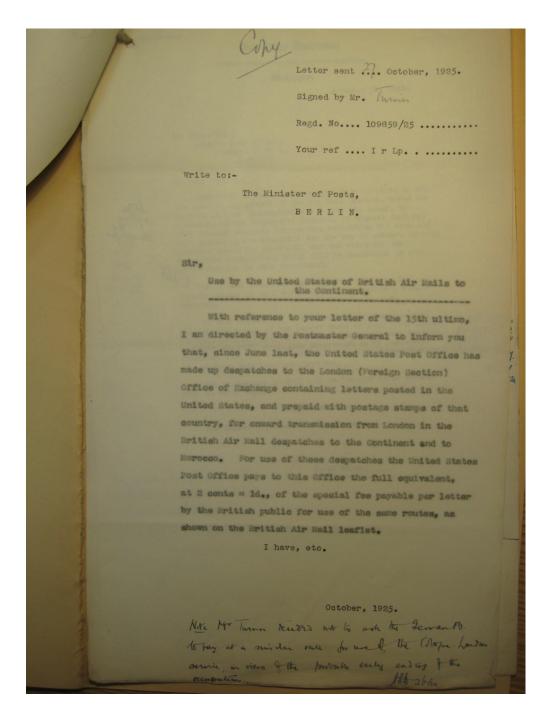

As nothing is known to me of these connections I beg to ask you with reference to your letter of the 10th of November 1924, No. 168027/23, to be so good as to furnish me with more detailed information.

Special Conference at The Hague

- With the increasing number of air services, the UPU called a special conference at The Hague (September 1927).
- It provided international air mail with a system of universal regulation.
- Ratified at the 1929 UPU Congress (London), three basic areas of agreement were ratified:
 - (1) "freedom of transit" through any UPU member country;
 - (2) establishment of the airmail fee;
 - (3) regulations describing how and when airmail payments are made.
